

DIVYA V K

Software Developer

(Specializing in C#, ASP.NET, React, Python)
+61 424 905 373 • vkdivya8795@gmail.com
5 Heathcote Grove, Officer, VIC 3809

EXECUTIVE SUMMARY

- Dedicated, Hardworking and an Enthusiastic **Software Developer** with over **6 years** of successful experience as a **Full Stack Developer in ASP.NET** developing in-house company solutions and customized IT software solutions for external clients, **user interface, coding, web service API integration, web design & web-based applications**; key clients include Pfizer, NovoTech, LSAC, Hilton, LFB, SVB and ITAC CapitalOne.
- I am a **self-motivated** and **self-taught** resourceful professional who **likes to solve problems, overcome challenges** and works effectively in fast-paced, high-volume development environments. Involved in software coding, unit testing, designing web pages and maintaining code quality and consistency throughout all phases of the projects. **Strengths in C#, Python and Automation skills** backed by quite a few training.
- **Creative web developer** dedicated to developing and optimizing interactive, user-friendly, and feature-rich websites. **Leverage analytical skills** and strong attention to detail in order to deliver original and efficient web solutions, provide technical knowledge and expertise, and successfully **manage a team of web developers**.
- Well-versed in all stages of **software development life cycle**, including requirements gathering, design, development, testing and deployment. Adapt at leveraging **Sprint and Scrum methodologies** to drive process efficiencies across multiple **cross-functional** development teams of up to 6.
- Highly articulate and capable of **translating complex ideas into actionable outcomes**; meeting business objectives and forging **strong relationships with clients, vendors and partners**.
- Recognized consistently for inspiring team members to excel and encouraging creative work environments. **Proactive team builder and tactical planner** with ability to attract and secure solid working relationships across organizational levels.

KEY SKILLS

• Communication • Leadership & Teamwork • Active Listener • Adaptability & Accountability • Collaboration
Software & Application Design • Continuous Integration & Deployment • System Migration & Integration SDLC
Project Delivery • Technical Architecture Design & Development • SLA Attainment • Agile Methodology Project
Management • Internal Team Development • Client/Vendor Management • Software Documentation

TECHNICAL SKILLS

Programming & Web	ASP.NET, C#, C, C++, ASP, MVC, CSS, XML, HTML, HTML5, JSON, Python, Flask, Javascript, JQuery, AngularJS, React, Node, WCF, VBA, VBScript, WebServices, VisualBasic, Bootstrap, TypeScript & WordPress
Database Software	MySQL, SSIS, SQLite, Postgres SQL, Microsoft SQL Server
Version Control	Git, SVN, TFS, Azure, AWS, Jenkins, Docker
Miscellaneous Tools	REST APIs, Responsive design, User Interface, Front-end frameworks, TDD, Testing, Debugging, Jira, Confluence, Figma, Postman, SoapUI, Web Services & Scrum
Others	Agile, OOPS Concepts, RPA(UiPath), Boomi, Salesforce, SiteCore, Sharepoint, ELO, Visual Basic Macros, MS Office

PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPER **Equity Trustees, CBD - Australia**

Apr 2023 - Present

- Created multiple RPA-UiPath bots for Regression Testing and Other Internal changes.
- Worked on Boomi -To create new flows/process for fetching data form Garradin and cleansing the records.
- Worked on SQL, Postgress, SSIS scripts, Visual studio, C# Entity Framework for Data Migration and Reconciliation.
- Also working in designing (SiteCore, Sharepoint, NTT portal & Outsystems for EQt & Insignia Financial(External Client)).

SYSTEM ENGINEER **Saama Technologies, India**

Oct 2021 – Mar 2023

Role: Team Leader and Main UI Developer

Projects: SAM, SDQ, SMC for Pfizer

- Worked closely with product team on scope of future project & innovations. Gathered requirements, developed software, performed SIT, UAT, prod and fixed bugs. Analyzed and resolved technical issues following system go-live.
- Worked closely with client to standardize deployment procedures and deployment documentation
- Carried out continuous identification, measurement and improvement of processes.
- Conducted entire **SDLC** in collaboration with client, and followed through with documentation, SIT and UAT

SOFTWARE ANALYST **Agilysys Inc., India**

Nov 2019 - Oct 2021

Project: Infogenesis POS Software

- Worked in **Modernization** of software from **VB.NET to C#** with few additional Payment related enhancement screens.
- Developed and implemented workflow templates, prioritizing efficiency and ease-of-use for end-users of **Hospitality** Services.
- Web developer specializing on **CSS** development and **C#** programming with **ASP.NET**
- Collaborated with **multidisciplinary teams** to layout, design, and unfold new technology features.

APPLICATION DEVELOPMENT ANALYST **Accenture, India**

Jun 2019 - Nov 2019

Project: Avande Group – Financial services

- Analyzed customer requirements and created roll out strategy for project delivery, including business mapping and requirement documentation; determined optimal processes that would meet client needs.
- Maintained on-time rate for developmental deliverable of 25%.
- Communicated directly with project stakeholders, providing timely updates on project advancement.
- Applied **Jenkins & DevOps** practices – **CI/CD pipelines** to integrate disparate efforts within multi-team projects.

APPLICATION DEVELOPMENT ASSOCIATE **Accenture, India**

Mar 2017 - Jun 2019

Project: Avande Group – Financial services

- Developed and provided maintenance for **20+ .NET websites**, using **ASP.NET MVC**, **jQuery**, **HTML**, and **CSS**. Achieved 100% client satisfaction and on-time completion.
- Played major role in layout modifications to improve functionality. Handled debugging, troubleshooting and documenting with high success rate and efficiency.
- Worked in **Report-Builder** and Loan processing documents generation using **Django** word templates.
- Volunteered myself for successful delivery of multiple excel and web related **Macros** for BPO processes.

EDUCATION

Master of Business Administration

- Finance • University of Madras • 2016-2018

Bachelor of Engineering

- Electronics and Communication • Anna University • 2012-2016

TRAININGS

Machine Learning • IT Ethics • Python • AWS Concepts • Front End Development • Simple Coding • Redis
Data Structures • Google Analytics • C++ Programming • OWASP • Artificial Intelligence • PyGame •
WordPress • Creating a great user experience for mobile apps • Agile Principles

CERTIFICATIONS

- **Scrum** Foundation Professional Certificate
- Programming in **C#**
- **Python** For Data Science
- ATA 2.0 Developer Certification from **MIT**
- ASP.NET Core Concepts by **MVA**
- Ui Path RPA Developer Foundation Training
- Automation Anywhere Certified Advanced **RPA** Professional
- **Agile** Professional Certification
- **Avanade** Certified Scrum Foundation Practitioner
- Programming in **HTML5** with Javascript and CSS3
- Microsoft Certified Professional
- Microsoft Certified Solutions Developer - **ASP.NET MVC**
- Microsoft **Azure** Certified Professional
- **MTA**: Windows Operating System Fundamentals

AWARDS & HONORS

- Received **Magic Cabinet Award** as a recognition of my performance and contribution within the team.
- Participated in **AI4 Industries Hackathon** 2018 and topped one among 15 finalists.
- Awarded with **AI Conversant**, Data-U Conversant, **Info Security Advocate**, Corporate Citizenship, **Cross Cultural Champion** and COBE Flairs.

ACCOMPLISHMENTS

- Worked on team and individual development projects to deliver secure, robust, scale-able solutions that helped to improve efficiency, info security, data integrity and customer satisfaction.
- Created a sample Twitter application using **Python Flask API**.
- Participated in **Hour of Code** Event. Attendee of Web Developer **Meetups** and **Hackathons**.
- Member of **LGBT Ally**, **PWD Champion** and an active **CSR Volunteer**. A Finisher in The Empower Run 2019 - 5K
- Used Microsoft Excel to develop **inventory tracking spreadsheets** for LFB & SVB Clients.
- **Documented** and resolved functionality and performance related issues for ITAC & CapOne.
